CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

SR715 To Receive Retread Job Soon

State Road No. 715 from SR 80 south of Chosen north to East Shore Pump will be retreaded with asphaltic concrete within the next few weeks, according to County Commission Vice Chairman Paul Rardin who said that the State Road Department will receive bids on the job in Tallahassee on October 27.

Commissioner Rardin said the money for this job will come out of the State Road Department secondary road fund. The road from the Woman's Club Building in Pahokee south to the East Shore pump was retreaded in last year's SRD budget.

County projects of interest are retreading of ice plant road, (Airport Road) from SR 15 in Belle Glade across the northern edge of Belle Glade to the Chosen Road. Rardin said that bids were received several weeks ago on this job and Rubin Construction Company of West Palm Beach was low bidder. Work will start next week with favorable weather, Rardin said.

Two streets in Pahokee—Rardin avenue and Barfield Highway—have been done by the Rubin concern on the same bid. Several short streets in Canal Point were also retreaded under the bid contract.

Zoning Board Is Named For County

Palm Beach County this week has a new zoning commission—a five man group which will replace the county commission which has been doubling as the zoning board.

Named to the group in a resolution adopted by the commission were Dr. V. D. Stone, Jupiter David Brady, West Palm Beach, William Harvey, Lake Worth; William Coke, Gulfstream and Walter Hooker, representing the Glades.

The resolution also named Bernie Muncey, county zoning director and R. B. McKee, clerk of the zoning commission.

The appointment of personnel to fill the examining boards for tradesmen, authorized in a new legislative act, was deferred by the board until legal status of the act is received from the state attorney general.

Henry Lillenthal, assistant county attorney, in an opinion to the board, said men appointed to the various examining boards would be classed as county officials and would be prohibited from doing business with the county commission.

Commissioner Roy Michael won support for his motion to have a group of tradesmen recommended for appointment by a joint cooperative committee, study the provision of the legislative act and report recommendations to the commission.

Mr. and Mrs. Lon Wilson had as guests over the weekend their son-in-law and daughter, Mr. and Mrs. Elmer B. Elliott, and infant daughter, Lonna Lynn, of Lakeland.

Chapter Accepts List Of Rushees

Mrs. W. A. Cross, Jr., Mrs. Karl Mindlin, Mrs. Richard Thierry, Mrs. J. V. Thomas, Jr., and Mrs. Carney Wilder were introduced as rushees of the Beta Omicron Chapter, Beta Sigma Phi Sorority at a meeting at the home of Mrs. Ralph O. Johnson. The introduction was made by Mrs. Milton Carpenter, vice president and rush captain, who presided. Mrs. Hugh Branch was elected the chapter's candidate for the Valentine Queen contest sponsored by the sorority magazine, "The Torch".

Blue Devils Play Lake Worth Tonite

Coach Web Fell's Pahokee High Blue Devils will be on the go again this Friday night when they travel to Lake Worth with a 1-3 record to date and still seeking their first conference win.

Following a tie game in their opener, the Trojans have showed both speed and power in winning their last three consecutive contests and are certain to give the Blue Devils plenty of trouble tonight.

At Pompano last Friday night the Blue Devils held the Tornados scoreless in the second quarter but the Tornados ran up 13 points in the first quarter and seven each in the third and fourth quarters for a decisive 27-0 victory over the Pahokee eleven.

\$900 For Station Wagon Is Voted

The county commission this week voted to appropriate \$900 in matching funds to help buy a station wagon to transport children to health clinics in the county. Vice Chairman Paul Rardin said residents of the Everglades had raised more than \$1,000 by popular subscription to match the County's money.

Pahokee Rotarians Hear About Glades Office Bldg.

At yesterday's meeting of the Pahokee Rotary club the members heard of the many services available at the Glades office Building constructed a year ago by the board of county commissioners. The program was under the direction of Rotarian Herman Austin who introduced County Commission Vice Chairman Paul Rardin, who in turn introduced the folks who work in the various offices in the building.

Mrs. Mae Pope, office manager, told of the many services available in her office where she handles business for the county commission, supervisor of registration, clerk of the circuit court, county court judge, judge of the small claims court and other court house offices.

Electronics Plant Assured For Co.

Minneapolis - Honey Regulator Company, one of the nation's largest manufacturers of electronics, is coming to Palm Beach County.

Final details for leasing a portion of Palm Beach Airforce Base to the Minnesota firm—space to be used while the company builds a \$1 million dollar plant to house its activities—were completed Tuesday at a recessed meeting of the county commission.

W. W. Marteniz, representative of the firm, said his company is bringing an industry to the area that will be a credit to Palm Beach County. "The operation is a fussy one, but its clean," he told the commission.

He said the first operation here would bring about 35 scientists engineers and technicians and will be double that amount later in the year.

When the company's plant is completed at Levis Terminals at Riviera Beach, Marteniz said possible employment figures will reach between 900 and 1,000 people. This number, he said, is expected by 1964 or 65.

Meantime, in accordance with a lease agreement, the firm will take immediate possession of space at the airfield for an annual rental of \$12,000.

County commission paid tribute to Vince Burkhardt and R. D. Hill, West Palm Beach business men who were described as "very instrumental" in bringing the Minnesota firm to Palm Beach County.

Minneapolis - Honeywell, which already has an extensive plant at St. Petersburg, will build on a 15-acre tract west of Riviera Beach and will probably occupy its new plant by early summer of 1960. The plant will be called the Research and Development Center of Honeywell's semiconductor Products Division and will include provisions for pilot production of newly developed products. The new plant will be headed by Marteniz.

fare worker in the Glades area, told of the welfare work and all of its implications in this section where many migrant workers have come a problem along with many other phases of welfare work.

Mrs. Agnes McClelland, secretary in the County Agent's office, was present and John Causey, assistant county agent, told of the many services made available to farmers in this area through the Glades office. Mr. Causey has been first assistant to County Agent Red Mounts for several years and is doing an outstanding job.

Mrs. George C. Young, who is in charge of the tax collector's office for Stetson O. Sproul, told of the thousands of dollars in collections for automobile tags and the great amount of money taken in there for county taxes.

Rotarians Hear EES Agronomist

F. LeGrand, "assistant sugar cane agronomist at the Everglades Experiment Station, was guest speaker at last week's Thursday luncheon meeting of the Pahokee Rotary Club. The speaker, who has spent many years on various islands in the West Indies, told of the customs and religious beliefs of the people of these islands. He was introduced by Bascom A. Belcher, argonomist manager of the USDA Sugar Cane Breeding Station of Canal Point.

"Data Depot" Plan Established By Co.

Palm Beach County Commissioners took another step Tuesday in a program to bring more industry to Palm Beach County.

The board, after hearing a report from Commissioner Kenneth Foster and an appeal for help from R. D. Hill and Vince Burkhardt, members of a Chamber of Commerce committee seeking industry, voted to establish a bureau to compile data needed in selling industrial firms on coming here.

Both Burkhardt and Hill said the principal need at the present was a clerical office where data could be compiled and kept up to date. In the past Hill said, much effort had been expended to gather data which later proved useless because it was out of date.

The commission authorized the county engineer and zoning director to establish the requested office which Commissioner Paul Rardin described as a "data depot" and to hire personnel to run the office. Information compiled at the office will be available for all groups interested in bringing industry to the area, the commission said.

Mr. and Mrs. Roscoe Stokes and grandsons, Frank and Don Branch, and Mr. and Mrs. A. T. Holt enjoyed a picnic dinner and beach party at Palm Beach Sunday.

City Council Buys Two Police Cars

The Pahokee City Council in regular session Monday night accepted the bid of the Pahokee Motor Company for the purchase of two 1960 Ford four-door sedans for use as police patrol cars at a price of \$3,768 plus a 1958 patrol car traded in. Also accepted was the bid of Motorola of \$1,826.12 for the purchase of equipment for the police radio station.

The State Board of Health in a letter to the Council gave its approval of the proposed extension into Lake Okeechobee of the intake line of the city's waterworks system. It was voted to have the engineering firm of Russell and Axon, Daytona Beach, draw plans for the water intake extension suitable for the advertising of bids for its installation.

Two ordinances were passed, one, giving the individual or firm that takes out the first permit for the construction of a building suitable for a supermarket certain tax exemptions provided the building meets specifications listed in the ordinance, including a time limit of 270 days for completion; and the other, conforming with the new State law imposing mandatory jail sentences and stiffer fines for (continued on page 8)

Pahokee PTA Plans Halloween Carnival

Members of the Pahokee Parent-Teacher Association made plans for the annual PTA Halloween Carnival at the October meeting held in the high school auditorium Monday night with President W. O. (Bill) Moss presiding. The carnival, principal fund-raising project of PTA, will be held Saturday night, Oct. 31, starting at 6:30 o'clock. J. H. Wilkinson, Jr., and his committee are in charge of arrangements.

Mrs. Joe Hatton, Jr., reported PTA has a membership of 233 to date. This year's membership goal is 400. School rooms reporting membership of parents in PTA 100 per cent by Dec. 1 will receive \$5 cash awards.

The monthly attendance awards were won by the Senior Class at the high school.

On the program Principal Brooks Henderson outlined school plans for the current year and pointed out some of the advantages and opportunities that are made available to students in the American school system. Vance Denton, guidance counselor, explained his work (continued on page 8)

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The county commission this week decided not to hire a director for its new industrial planning and development department.

The board action came after Commissioner Kenneth Foster reported that it was the opinion of both the West Palm Beach "Committee of 100" the county Resources Development Board and a number of Chamber of Commerce, that a full time director for such a department was not needed at this time.

Instead, Foster suggested, the commission establish an office under the zoning department to compile statistical data on the county's industrial potential. The data, Foster said, will be kept up to date and available to any group seeking new industry for the area.

The board also: Recognized an appeal from the Student Council at Seacrest High School for the county to build another road leading to the school. The board voted to reject right of way costs for extending Seacrest Blvd. from Old Dixie Highway to U. S. Highway 1 at the school site.

Heard that resurfacing of State Road 802 in Lake Worth between Federal Highway and A1A will be up for bid this month.

Received bids for resurfacing sections of County Road and Ocean Blvd in Palm Beach and Ocean Blvd. in Delray Beach; for rebuilding Bond Street in a subdivision at Delray Beach and for dredging sand from Lake Osborne—a lone bid from R. R. Barnes & Sons at a price of \$2,400 a year or 10 cents a cubic yard, which ever is greater.

County Pay Boost Being Considered

The Palm Beach County Commission Monday voted to spend about \$80,000 to boost the wages of some 300 county employees which a survey disclosed were receiving less pay than the average received by personnel in the same fields.

County Commissioner Roy Michael, who heads the board's personnel committee, said the latest studies of pay scales from 31 major employers indicated county workers were entitled to pay boosts.

County Engineer Steve Middleton, another member of the personnel committee said figures in the survey disclosed that about 60 percent of Palm Beach County's employees were getting less than the average wage; 33 percent were slightly under the average and only seven percent were receiving the average.

The board approved setting aside money needed for the pay boosts and authorized the personnel committee to hold conferences with department heads to determine job classification and which employees are to receive the wage increases.

Sod Busters In Tuesday Meeting

Mrs. Edgar Wilder was elected chairman of the Sod Busters Garden Circle at a meeting at Mrs. Wilder's home Tuesday. Other officers elected for the coming year were Mrs. N. R. Lemonds, secretary; Mrs. Lester Hand, treasurer; and Mrs. J. L. Tyson, Jr., hospitality chairman.

Mrs. Horace Unwin, Mrs. Howard Holman and Mrs. J. T. Boynton were named on the program committee, and Mrs. Ralph Johnson, Mrs. F. H. Poteete, Mrs. Melvin Spooner and Mrs. Jack Phillips, on the by-laws committee.

The group voted to conduct regular meetings on the first and fourth Tuesdays of every month at 9:30 a. m. the next meeting to be at the home of Mrs. Tyson.

Guest speaker was Mrs. C. L. Shirley, Sr., who gave a lecture on "Landscaping." Mrs. Horace Unwin demonstrated the technique for converting old phonograph records into articles useful around the home. Mrs. Howard Holman presented each member with a packet of seeds.

Mr. and Mrs. R. E. Barfield, accompanied by Frank Andrews, attended the Ordination Service at the Parkway Baptist Church, Hollywood, Sunday.

Mail Delivery To Start Saturday

City mail delivery service will start in Pahokee on Saturday of this week, according to Postmaster Edward A. Jensen. Four mail carriers have been added to the postoffice staff especially for this delivery service. They are Elmer T. Jones and Thurman Kemp of Pahokee, Robert L. Jones, formerly of West Palm Beach, and Albert Garelick, formerly of New York City.

Effective Saturday all first class letters, including those for local delivery, will require a four-cent stamp since the drop letter rate of three cents for local delivery will no longer apply. Though residents have completed with the regulations that a mail box must be installed at the front of the house and street number is plainly visible, only such mail that is addressed to the street number of the residence or business house will be delivered unless an application is made on written form furnished by the postoffice that all mail be delivered to the street number even when addressed to a postoffice box number, Mr. Jensen said.

Communication

Mr. Paul Rardin, Editor

Pick your savings target and shoot straight for it!

A bond... financial security... a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you *before* you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. *That means a return of up to 80% more than you originally paid.*

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4442.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings, where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

Miss Nicely Weds Ray M. Waddell

Miss Virginia Ann Nicely, daughter of Mr. and Mrs. Marlin M. Nicely, of Pahokee, became the bride of Ray Mancel Waddell, son of Mr. and Mrs. J. F. Waddell, also of Pahokee, in a candlelight ceremony held at the home of her parents, 915 Bacom Point Road, Saturday, Oct. 10, at 7 p. m.

The vows were read by the Rev. Clare S. Hall, pastor of the Pahokee First Methodist Church, as the couple stood before the fireplace of the Nicely home which was decorated with Ixora and other tropical foliage against a background of palms.

Given in marriage by her father, the bride wore a ballerina-length gown of white chiffon over taffeta with lace bodice. She carried a bouquet of pink sweetheart roses.

Mrs. P. A. Slonaker was matron of honor and only attendant of the bride. She wore blue nylon over taffeta and also carried pink sweetheart roses.

Edward Vertommen served as Mr. Waddell's best man.

Mrs. Nicely chose for her daughter's wedding a light blue taffeta dress and wore a pink carnation corsage.

Mr. and Mrs. Nicely were hosts at the reception following the ceremony. Assisting were Mrs. Thomas Martinez, Mrs. R. E. Wagoner and Miss Jean Kaye Friend.

After the wedding trip Mr. and Mrs. Waddell will make their home at 229 West Main St., Pahokee.

The bride attended high schools in Tampa, Belle Glade and Pahokee. Mr. Waddell graduated from Pahokee High School in 1937 and is now a grower of Glades vegetables.

Pahokee BPW Club Celebrates Week

Budget Adopted By Baptist Church

The First Baptist Church, Pahokee, in business session this past week adopted a budget of \$37,104. for the new church year which began October 1st. The Budget had been presented in an earlier session by C. E. "Bill" Williams, Chairman of the Finance Committee. Of the above amount \$4700 is designated for World Missions.

Upon the recommendation of the Deacons, Wiley Tillis, Chairman, the church also voted to designate this Sunday, October 18th, as "Demonstration Day." On this day the entire membership is asked to devote the Tithe of all their earnings of the week past to the Lord through their church. This is a demonstration of the Tithe of the church and multiplied by 52 demonstrates the true Tithe of the church.

Every member of the church is urged and expected to bring the Tithe to the Church on Sunday. "Upon the first day of the week let everyone of you lay by him in store, as God has prospered him, that there be no gatherings when I come." 1 Cor. 16:2. "Bring ye all the tithes into the storehouse—prove men now, saith the Lord." Malachi 3:10.

The entire Demonstration offering will be consecrated for the Building Program of the church.

Orlando TB Hospital For Retarded Group

TALLAHASSEE — The state cabinet has requested the tuberculosis board for early release of the Orlando hospital so it may be put to use as part of the Sunland Training Center for retarded children.

Arthur Dozier, director of child training institutions, said the hospital could be used to house some of the overflow from Sunland Training Center at Gainesville and in Lee County. He stated it would cost less to renovate for Sunland patients.

At present there are approximately 1200 mentally retarded children on the waiting list for the Gainesville institution. The Orlando hospital, according to Dozier, would hold about 500 patients.

New Cafeteria Has Conveniences

The Canal Point School went on tour through their new lunchroom. It started Thursday, October 1 with the First Grade and ended the following Thursday, October 9th with the 8th Grade.

The new cafeteria has several new facilities such as a steam table used to keep the food warm before it is served, a dish washer, potato peeler, meat slicer, new trays, garbage disposal, new tables and benches.

Before the tour came to an end we were given free ice-cream by Mrs. Hatfield, lunchroom supervisor. To conclude the tour Mrs. Hatfield talked to the group about how important it is to eat in the cafeteria and getting a well balanced and warm meal.

Christian Science Group Of Canal Point

The healing and redemptive power of the Christ, Truth, will be explained in the Lesson-Sermon entitled "Doctrine of Atonement" at Christian Science services Sunday.

Matthew's account of the healing of the leper by Christ Jesus (8:2-4) is included in the passages to be read from the King James Version of the Bible.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this selection will be read (19:6): "Jesus aided in reconciling man to God by giving man a truer sense of Love, the divine Principle of Jesus teachings, and this truer sense of Love redeems man from the law of matter, sin and death by the law of Spirit, the law of divine Love."

Make your dream house come true! It's easy
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big handsome amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.75 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Open your wallet, get employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

If you want your interest at current income, ask your bank about Series H Bonds, which pay dividends monthly by Treasury check.

Prices importantly reduced on *all* Mercury models! Popular Monterey* now \$136⁵⁰ lower. Now you can own a new Mercury for a very few cents a day more than a car with a low-price name.

* Comparison based on manufacturer's suggested delivered price for a Monterey 2-door sedan, 1960 v. 1959. Includes Federal excise tax and suggested dealer preparation and handling charge.

You'll be glad you bought a Mercury every time...

Why pay a medium-range price for a car with a low-price name? For this year, Mercury is in a new lower-price range. You'll be glad you didn't settle for less...

... every time you look at its Sleek-Line styling.

Every line is clean, trim. All excess metal has been pared away, shaped smooth. There's no unnecessary bulk. Just elegant simplicity.

... every time you feel its exclusive Road-Tuned ride.

Mercury's Road-Tuned wheels (see left) take bounce out of bumps. This ability of each wheel to "roll with the punch" is one of the most important ride advances in years... another reason why you'll be glad you bought Mercury...

... every time someone sits in the middle. There's real comfort for 6 people, not just 4. Full head room, hip room, foot room for all.

... every time you see other new cars. You'll discover that Mercury has the freshest styling—no warmed-over '59 design as in many so-called 1960 cars. You'll find that Mercury has the newest features—de luxe interiors on even the lowest-priced model, at no extra cost. And you'll appreciate the extra quality—the kind that cuts repair bills. For Mercury is the best-built car in America today. Don't miss the first showing.
